

Alex Okumu

MY PASSION, MY WORK, MY ART

ALEX OKUMU

Graphic Designer +
Cartographer

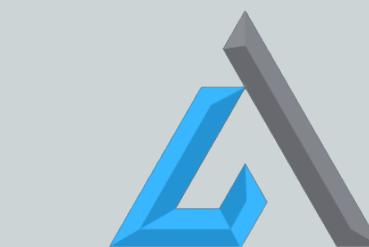

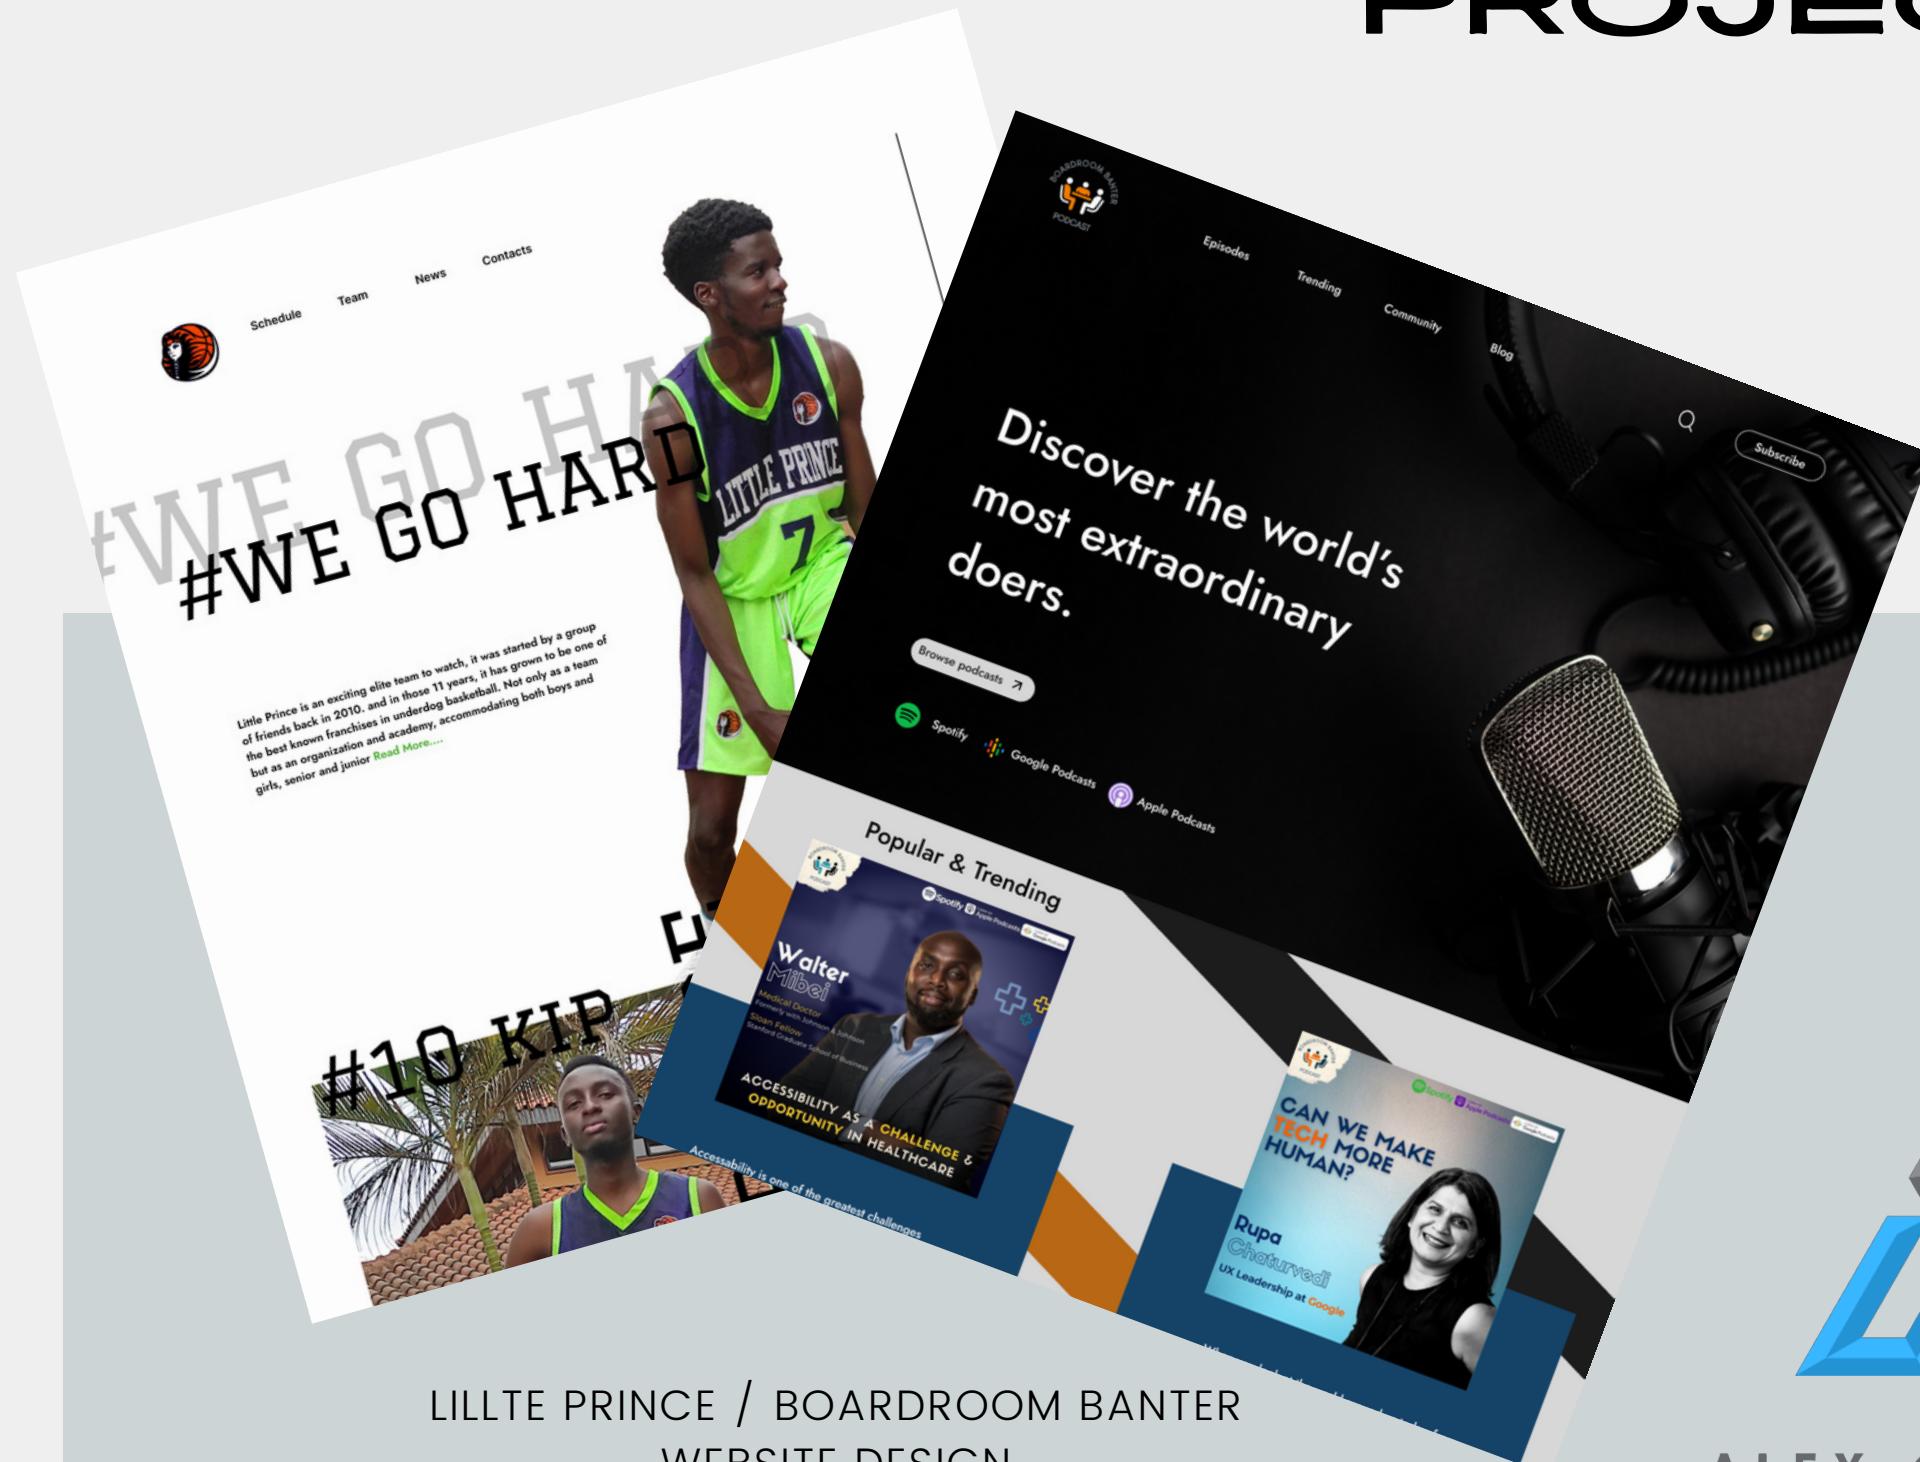

GET TO KNOW ALEX

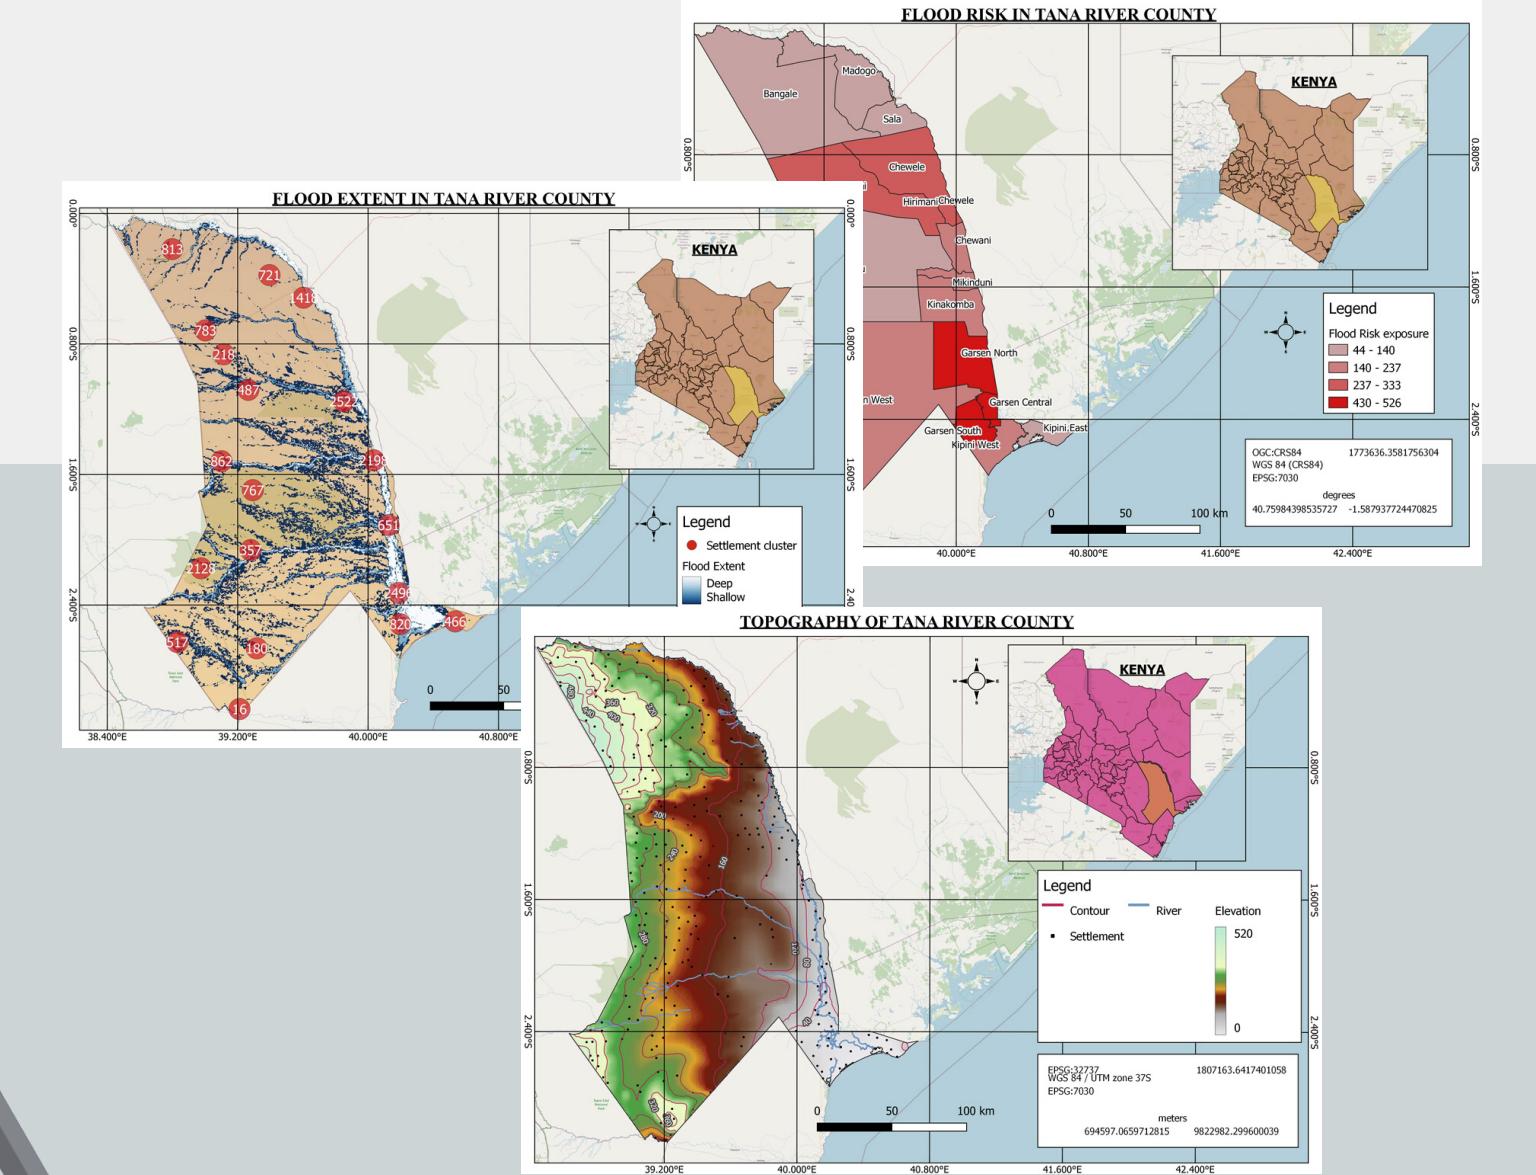

Alex is a self-taught Graphic Designer who is currently studying Software Engineering at ALX. He completed five years of geospatial engineering in cartography and Geographical Information Science, allowing him to write a thesis on Tana River Flood Mitigation (Flood Risk Mapping In Tanariver County -Kenya).

He interned as a graphic designer at Deveint Ltd., a web design firm, where he did user experience and user interface design work on websites and mobile apps ([Botswana Stock Exchange](#)). Alex's notable abilities include graphic design and data analysis.

MY STAR PROJECTS

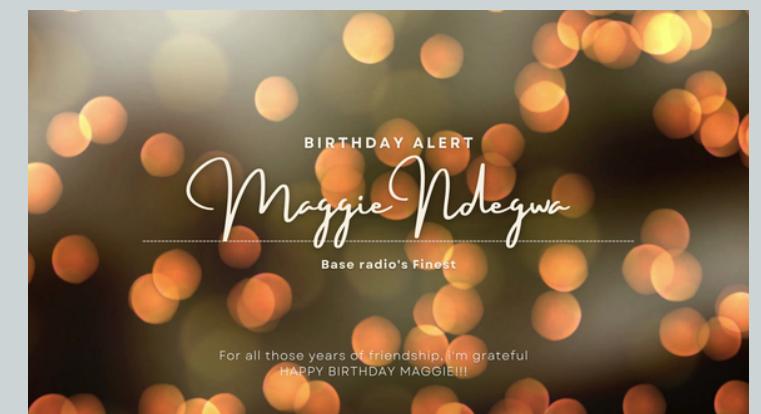

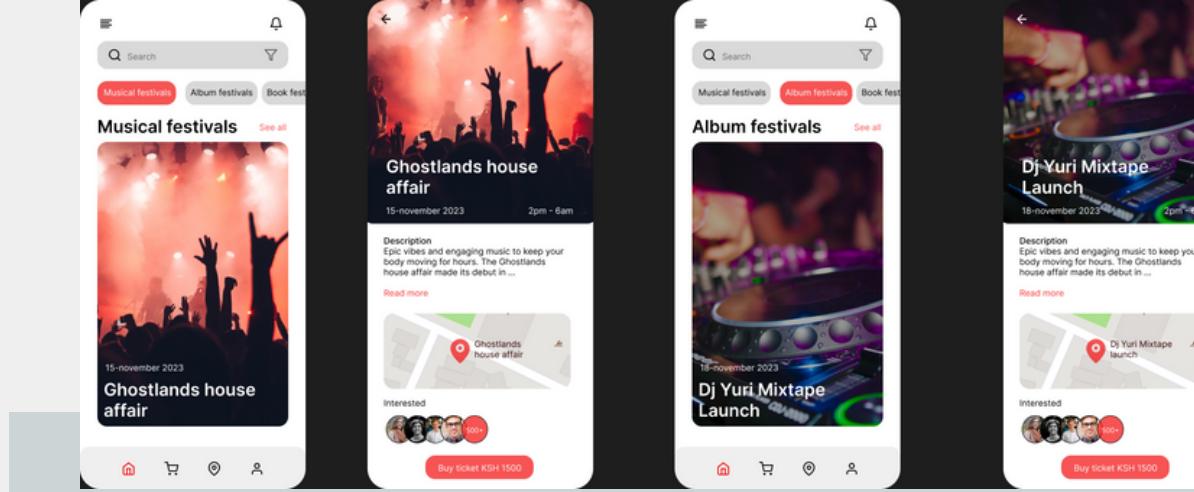

ALEX OKUMU

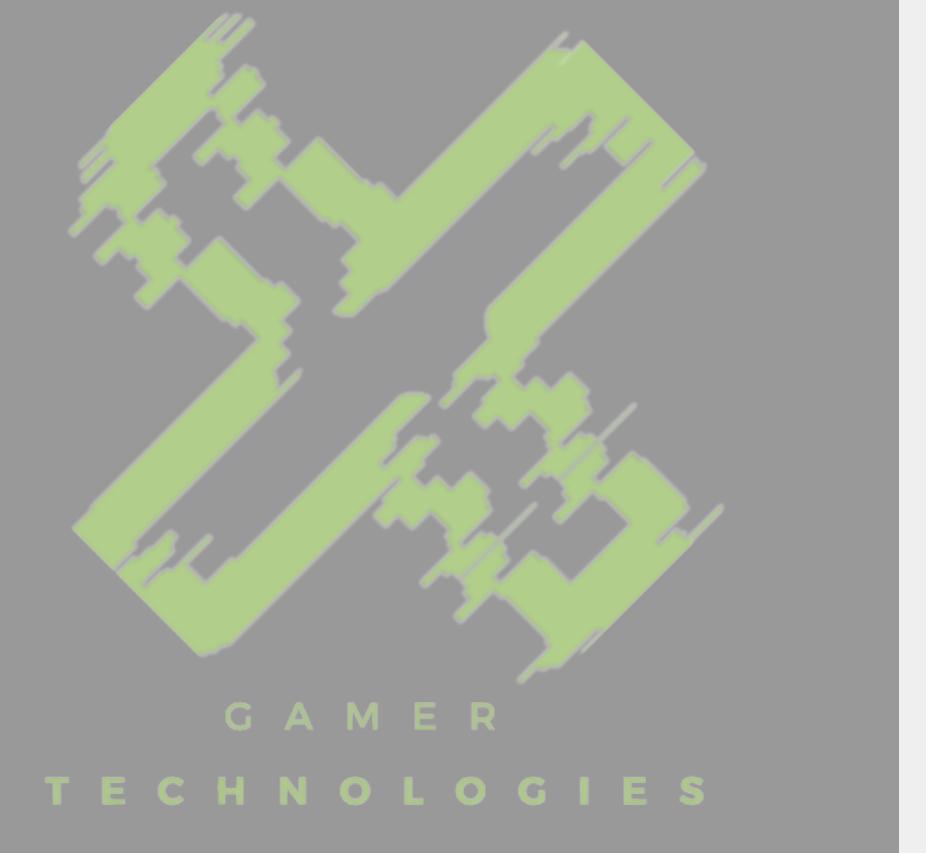

MAPS ON FLOOD MITIGATION

the maps clearly show areas affected by floods in the Tana-River drainage basin

MAKE GRAPHICS SO THAT
WE CAN UNDERSTAND IT"** ~
ROGER TOMLINSON.

MORE ABOUT ME

He is a Division 2 basketball player for The Little Prince Basketball Club, where he has spent the last nine years as a member of the team's academy. His involvement with the club as a second-year rookie has exposed him to exceptional organizational skills that he can apply in other areas.

As a semi-developer, Alex does minor coding to come up with various solutions to problems that arise. He has created his own browser in Python and is now working on event and close cooperation appraisal systems that can assist an organization in meeting its objectives. He also recently completed an artificial intelligence paper.

Alex envisions a future in which anyone can freely access and use the internet, as well as make contacts and build bridges across diverse populations.
